Dear Vic,

This is a letter to let you know of the success we are having with your Metalon product Megacel fuel treatment.

We have noticed a reduction in exhaust emissions between thirty to fifty percent depending on engine type. We have had a significant reduction in injection pump and injector failures by about sixty percent.

This product has been in use at our company for a year and a half now and we are very satisfied with the results.

Sincerely,

A handwritten signature in black ink, appearing to read "Les Sprowl".

Les Sprowl, Maintenance Planner
